My foundation stone

With the collaboration of the Institut Médico-Éducatif of Riencourt-lès-Bapaume and the A.C.E.H transport operator

At the Institut Médico-Éducatif the children see the trucks from the windows of the classrooms. This action invites the children to reclaim their school without physical limits. First step, the seventy children painted their foundation stone where they wanted in the school : in front of the school director's computer, near the nurse's door, in corridors etc. Then these same stones were reproduced on a juggernaut taking the highway. Thus a part of the school traveled daily on the A1 highway.
